We know commodities® | We know futures®

March 2022

## Methodology

### Construction

- The China Commodity Index gauges price changes in 39 commodity contracts traded on the country's three futures exchanges
- Uses both liquidity data and production data in determining the target weights of the included commodities

## Index

### Attributes

- The index fairly represents the significance of the commodities to the China economy
- Provides diversified exposure to commodities as an asset portfolio
- Aims to become a benchmark for China's commodity futures market
